

Notice on Adjustment to Weekend Margin Requirement

Dear Valued Clients:

In light of the recent increase in volatility in the international markets, the potential risks associated with holding positions over the weekend have risen. To further enhance our risk management framework and safeguard clients' trading and capital security, the Company will **implement an adjustment to the margin requirements for accounts holding positions over the weekend**. The details are as follows:

1. Adjustment Details

Effective **3 Apr 2026 (Friday, Easter Holiday)**, the margin requirement for positions held over the weekend will be **adjusted from 100% to 200%**.

2. Implementation Period

The new weekend margin requirement will be applied to relevant accounts during the following periods each week:

Approximately 30 minutes before the market closes on Saturday, to

Approximately 30 minutes after the market opens on Monday

3. Restoration

The timing for restoring the standard margin requirement will be announced separately. Please stay tuned for further notices from the Company.

Important Reminder

1. To ensure the safety of your positions, please ensure that your trading account maintains a margin ratio above 200% around 30 minutes to market close. If the margin level falls below the required threshold, the system may initiate forced liquidation procedures in accordance with the applicable margin requirements.
2. If your funds are currently stored in the "Upway Wallet", please transfer them to your

trading account around 30 minutes to market close to avoid any impact on your positions due to delayed fund allocation.

3. Clients are advised to plan their trades in advance, manage positions prudently, and closely monitor market conditions.
4. During periods of extreme market volatility or reduced liquidity, precious metal prices may experience price gaps, which may result in orders being executed at prices different from those expected or delays in position closure.

Upway Global is a class "AA" licensed member (No. 084), a Bullion Group core member, and an Authorized Good Delivery Bars Minter of the Hong Kong Gold Exchange (HKGX). Our spot gold and silver investment products strictly comply with the investment compliance standards and relevant regulations in Hong Kong.
