

## Notice on 2026 U.S. Easter Holiday Market Closure

### Dear Valued Clients:

In observance of the U.S. Easter holiday from Apr 2, 2026 (Thursday) to Apr 3, 2026 (Friday), the New York Gold Market will be closed. Accordingly, the trading hours of our London Gold/Silver trading platform will be adjusted as below (specified in Beijing Time):

**Market closes from: 04:45 on Apr 3, 2026 (Friday) to before 06:00 on Apr 6, 2026 (Monday)**

**Market reopens at: 06:00 on Apr 6, 2026 (Monday)**

Please also note that the **margin requirement for weekend positions will be adjusted to 200% during the following period:**

**Approximately 30 minutes before the market closes on Apr 3, 2026, to**

**Approximately 30 minutes after the market opens on Apr 6, 2026.**

To safeguard your positions, we recommend that you ensure your account has sufficient funds and maintain a margin ratio of 200% or higher before the stated time. If your account margin is insufficient, the system may trigger a forced liquidation mechanism to meet the relevant margin requirements.

### Important Reminder

1. To ensure the safety of your positions, please ensure that your trading account maintains a margin ratio above 200% around 30 minutes to market close. If the margin level falls below the required threshold, the system may initiate forced liquidation procedures in accordance with the applicable margin requirements.
2. If your funds are currently stored in the "Upway Wallet", please transfer them to your trading account around 30 minutes to market close to avoid any impact on your positions due to delayed fund allocation.
3. Clients are advised to plan their trades in advance, manage positions prudently, and

closely monitor market conditions.

4. During periods of extreme market volatility or reduced liquidity, precious metal prices may experience price gaps, which may result in orders being executed at prices different from those expected or delays in position closure.
